

Dear Friends & Family,

On behalf of the entire Bungalow Restaurant family, we would like to thank you for allowing us to serve you in our outdoor dining space as well as through curbside pickup, and online ordering - which we will continue to offer.

But, we know you miss the ambiance of our dining room...And we are excited to welcome you back in when you are comfortable with limited seating capacity and extra safety measures to ensure the health and wellness of our guests and service team.

We want to assure you the health and safety of our guests and employees remains our primary focus. With that in mind, in response to COVID-19 we have enhanced our already strict food safety guidelines and we are implementing the following additional measures to ensure we're operating in a safe manner:

Tables – We will operate with reduced capacities in the restaurant to allow for physical distancing and utilize our outdoor patio seating.

Cleanliness – Industry leading cleaning and sanitizing protocols will be used to clean throughout the restaurant with particular attention paid to high-touch areas. Chairs will be wiped down after each guest leaves before resetting the table. Hand sanitizers will be placed throughout the restaurant for employee and guest use.

Face Coverings – Our team members will be wearing face coverings while servicing guests, as well as washing their hands in between changing out masks.

Employee Health Screening – All employees will have a temperature check with a no-touch infrared thermometer before their shifts and encouraged to stay home if they don't feel well for any reason.

****And, in these unprecedented times, here's how we'll need your help to ensure the safety of our guests & employees:***

Reservations – Advanced reservations are recommended.

Guest Health – We ask if you have a fever, chills, cough, muscle pains, headache or think you may have been exposed to COVID-19, to please cancel your reservation.

Physical Distancing – All guests are asked to adhere to six-foot physical distancing and refrain from physical contact with staff and guests (no handshakes, fist bumps or hugs).

Face Coverings – Face coverings are required when not eating or drinking. Please refrain from touching your eyes, nose and mouth while seated.

The Bungalow Restaurant will continue to closely monitor government policy changes, Centers for Disease Control (CDC) guidelines, government mandates and public health advancements to make changes as needed. Again, thank you for your continued support as we transition into safely reopening our dining room. We are accepting future reservations and look forward to welcoming you back in for happy hour and dinner soon!

Stay Safe and Healthy,
Jim Walker & Louie Feinstein, Proprietors The Bungalow Restaurant
